

KAMPREST FLOTRONICS PVT.LTD.

Complete Pneumatic Automation Products
&
Utility Piping Solutions

KAMPREST

Grow Together

Kamprest Flotronics Pvt. Ltd.

→ About us :

Connecting Industries, Growing Together. We Rakesh Pandey & Nilesh Patil have joined together to cater industries to address the important need of “B to B” – Business to Business type of business services.

Our collective experience of 25+ years in compressed air, pneumatic and hydraulic connecting business will help our OEMs and customers to rely on us for best technical solutions. We partner world class companies to cater industry OEMS and end user for 100% leak proof products with monitoring of flows as well as actuations.

Our Global connection to find right fit for right application makes us expert in industry. Contact us today to discuss your fluid utility needs.

● Vision

Grow Together - We Kamprest Flotronics pledge to grow together. Growing together for us means helping you to increase your profitability, ease of operation and saving energy by using right products for right applications. Our team of experts have industry experience of more than 25 years serving compressed air energy systems, pneumatics, hose connection technology and fluid technological products of almost all industrial segments.

● Mission

To empower industries by providing seamless access to a comprehensive range of high-quality pneumatic, hydraulic, and other critical fluid utility components and connecting solutions. We leverage our deep technical expertise and global sourcing network to offer both standard and technically equivalent products, ensuring commercially viable options and delivering exceptional value through simplified procurement and on-site accessibility, fostering mutual growth with our customers.

→ Our Strength :

Quality Assurance , Expert Team , Customer Focus , Timely Delivery
Innovation & Creativity , Best in Price

● PNEUMATIC QUICK FIT CONNECTORS

Pneumatic Push
in Fittings
series 9000

Brass nickel plated
push in Fittings
series 9200

Brass Push On
Fitting series 9400

SS316 Push in
Fitting
series 9300

Brass & SS Compression
Fitting
series 9500

Technical Details

- Pressure -
Max upto 50 bar
(Depends upon
MOC)
- Temp -
Max upto 150° C
- Fluid -
Air | Water | Chemical

● TECHNICAL TUBES & HOSES

→ PU Tubes Ester & Ether Based

→ PU Anti Spark Tube (Polyester Polyurethane)

→ PA6 \ PA11 & PA12 Tubes (Nylon)

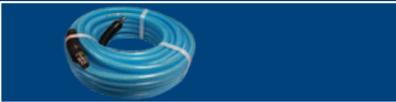

→ FEP Tube (Teflon) | PTFE | PFA

→ PE Tube (Food Grade MOC)

→ PU Braided Tube (PU Ester with Yarn Braiding)

→ Recoil \ Spiral Tubes

Technical Details

→ Pressure -
Max upto 30 bar

→ Temp -
Max upto 260° C

→ Fluid -
Air | Water | Chemical
(Depends upon MOC)

PRODUCTS

● PNEUMATIC CYLINDERS

ISO 15552 C24
Profile

ISO 15552 C72
Micky Mouse

Tie Rod ISO
15552 C28

ISO Round
Cylinder C52

ISO Compact
Cylinder C64 & C64L

Compact Cylinder
C04, C09

Rod Less Cylinder
OST\OSP

Free Mount Cylinder
MBDA

Grippers XHZ2

Rotary Cylinder
MSQ

Dual Piston Rod
Cylinder CXW

Twin Rod
Cylinder TN

Technical Details

→ **Action Type -**
Single Acting & Double
Acting

→ **Temp -**
-5 °C to +70 °C

→ **Fluid -**
Compressed Air -
Lubricated and Filtered

→ **Bore & Stroke -**
Refer detailed catalogue

→ **Operating Pressure -**
1 to 0 Bar

NOTE:-

**All Necessary
Mountings & Sensors are
Available**

DIRECTION CONTROL VALVES

● (Solenoid Valves)

Compact Sol Valve 3/2,5/2 & 5/3

Solenoid Valve Assembly

Solenoid Valve 3/2, 5/2, 5/3 Single and double

Namur Valve

Directing Acting Compact Valve

Electro Valve High Pressure and Low Pressure

Angle Seat Valve

3/2 & 2/2

Technical Details

→ Working Pressure - 10 Bar

→ Temp - Upto 60 °C

→ Coil -
24V DC
230V AC
110V AC
12V DC

● Manual Valves

Push Pull Valve

Hand Lever Valve

Hand Rotary Valve

Foot Valve

Mechanical Valve

KAMPREST

Be smart. Measure it.

"Be smart. Measure it."

FLOW METERS FOR COMPRESSED AIR, GASES & LIQUIDS

Pitot or Differential Pressure Flow Meter

Insertion Type Thermal Mass Flow Meter

Inline Screwed and Flang end

Inline Flow Meter

Heavy Duty- Ex Applications

Dew Point Sensors

Air Audit Services- Leak Detector

Compact Ultrasonic Flow Meter for Liquids

Forged Brass Valve

Portable Breathing Air Analyzer, Air Purity Analyzer

Vortex Flow Meter for Steam

Accessories

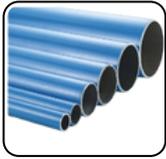

KAMPREST

Grow Together

MODULAR UTILITY PIPING SOLUTIONS & AIR AUDIT SERVICES

→ Compressed Air / Vacuum / Inert Gases

→ Composite Polymer Piping for Water

→ Compressed Air / Vacuum / Inert Gases / Water (Modular SS Piping)

→ Air Audit Services Using Ultrasonic Leak Tester and Flow Meter

Accessories
